*Your child should bring in a water bottle every day. These will be kept at the back of the classroom and should be taken home each night. Children have access to their water bottles during the day.*

## Year 6 Group Readiness

Children will be able to apply to be School Ambassadors. There will be 2 Head Ambassador and a 8 other Ambassadors. The children's responsibilities will involve showing new parents around school. speaking to groups of adults and generally helping with the organisation with the other pupils.

There will also be opportunities for children to become Play Leaders. They will organise and supervise games at lunch time for the other year groups.

We are hoping our children will become more mature and responsible throughout the year as we help them to prepare for High School.

We are expecting the children to be fluent in times tables as this will be essential for arithmetic and reasoning skills.

We are expecting our children to read a wide range of genres and continue to develop a love for reading.

## Assessment

*In Year 6 our focus is driven by the Year 6 Statutory Tests which occur in May. These will be testing the children's comprehension skills, maths and Grammar. These tests are national tests which will be externally assessed. The results will then be passed on to your child's High School.*

*Writing will be assessed after each 2 week unit and a picture will develop of the level your child is working at. There is a possibility that this work will also be externally assessed.*
