The children have been making fantastic progress with their times tables knowledge and many are achieving the 25/25 required pass mark. However, there are still a number of children who are not quite there. The children are practising daily in school. However, it would benefit all of our children to be practising these daily at home as well, until the test has been completed. Please can we ask for your support in preparing our children for this important national test by practising the MTC daily at home. The test should take no longer than 5 minutes to complete. They can practise this on TTRS using the Soundcheck, which all of them are familiar with.</p>
